Wednesday 9th February 2022

Dear parents/ carers,

To update you, this morning we have 1 member of staff and 1 pupil absent due to Covid-19 - with a positive PCR test. We also have a small number of parents who have tested positive. Both members of our school community are self-isolating as per government guidance.

All staff in today are continuing to daily on a lateral flow test and taking all the necessary safety measures in school:

- Windows and doors are open to increase ventilation
- Masks are optional for staff
- Any planned events such as school trips will be looked at on a case by case basis
- Visitors to school will be 'essential only'; parent events such as RWi introduction/ parent forum can go ahead

Please be reassured that we are doing everything we can to ensure the safety of both staff and children and we will continue to communicate with you regularly.

Kind regards,

A handwritten signature in black ink, appearing to read 'D Petersen'.

Mrs Petersen (Principal)
